

100 Trees to Celebrate 100 Years!

Join your fellow VHS Members and help plant 100 trees in 2021 to celebrate 100 years of horticultural leadership in our community.

You can:

- plant a tree in your own garden.
- purchase a tree for the garden of a family member or friend.
- purchase a tree to be planted somewhere in the CRD (in a boulevard, park, other public space, or your favorite public garden).
- organize a tree to be planted under one of the districts' planting programs (check the 100 Trees page for links).

To join in all you need to do is email the following information to us at 100trees@vichortsociety.org :

1. Your name.
2. The botanical name of your tree, including variety (we can help with that).
3. A photograph — ideally, of you and the tree, but one of the tree itself would be OK too.
4. Your story about the tree — tell us anything you like! For example, why did you choose that particular species and where to plant it? If the tree is in memory or honour of someone, perhaps you could tell us a little about that.
